

# The Fun House!

## Introduction

This fun activity evening can be run in two different styles.

Your guests can enjoy informal play of the games mentioned below with the incentive of a prize for the best performance on each challenge.

(Prizes not included in this quote)

Alternatively, these games can be played in a team format whereby all the tables for dinner become teams and start the night off with the same amount of money. The objective of the overall game is for the teams to win as much money as possible by gambling on the games below. If the individual achieves the target, they could double or treble their money in one go! Each game will have a small 'fun money' entry fee.

### Batak

- This reflex challenge has the contestants hitting light panels in sequence but only have split seconds to spot the next light.

### Large Striker

- A fair ground classic, use the hammer to hit pad hopefully with enough power to ring the bell.

### 6 Lane Deluxe Scalextric Challenge

- One track, six cars and a 3 lap time trial

### Shoot the Cowboy Quick Draw Challenge

- The contestants have just a split second to reach a gun from a holster and shoot the hidden cowboy. A digital timer gives an accurate account on how well the contestant performed.

### Card Shark

- Our fun card shark will challenge the guests to beat him at fast and fun card games.

### Milk Churns – Side Stall

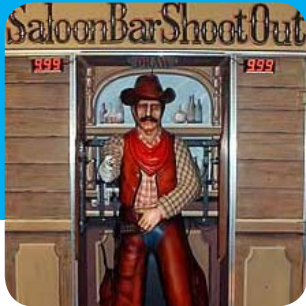

- Simply get the balls into the milk churns (What could be simpler!)

### Grab a Grand

- The guests have to collect the correct cash to score highly in this frantic 'against the clock challenge'.

# The Fun House

...continued

## Putt it down

- The guests have to use all their golf putting skills in this electronic putting challenge.

## Cost

Based on use of all of the above games **£3,695.00 + vat (Recommended for groups of 100 – 150 guests)**

Number of games can be changed to suit number of guests and budget.

---

## Optional Extras

- Professional DJ and Lightshow – from **£450.00 + vat**
