

The Night of the Millionaires

Introduction

Enjoy the combination of the excitement of 'a day at the races' along with the thrills of a casino with this superbly entertaining night of gambling!

Each table will form a team and be given an envelope of 'fun money' to use during the games. This fun money can be personalised for the company attending the event on request.

After dinner your presenter for the evening will explain the rules of the game and allow the gambling to commence. The guests then have up to two hours to build up as much cash as possible through the gambling options below:

The Races – There will be six races taking place on our giant video screen. Each race has an introduction for the horses racing and commentary during the race. A full fun tote will be available for guests to place a bet. The races will take place every 20 minutes.

The Casino – There will also be 3 casino tables available. These tables will be open throughout the two hour time limit.

The Card Shark – Can you beat our professional card shark to double or triple your bet!!

At the end of the two hours the guests return to their team tables to find out which team has raised the most money in the given time. A prize could then be awarded to the winning team.
