

Product Launch

Introduction

This fun construction challenge is perfect as a short team building exercise. The teams will be asked to build a state of the art catapult that will launch a product sky high!

As with all product launches the teams will then have to give a short quirky, fun presentation selling their catapult, before finding out if the mechanism is as good as they say.

| | |
|---------------------------------------|----------------------|
| Numbers per team: | 6 - 8 |
| Even amount of teams required: | No |
| Indoor / Outdoor: | Outdoor |
| Duration: | 45 minutes to 1 Hour |

Content / Itinerary

- The teams will all be given the same equipment and instructions.
- They will then have a set amount of time to build the structure ready for the launch and also to put together a short presentation to sell their product launcher.
- The products are then launched. Which team's product will go the furthest!
