

Roller Coaster Team Challenge

Introduction

This team construction challenge asks the teams to design and build a freestanding rollercoaster that will be host to ball rolling through designated zones. The target time for the ball to run from the start of the Rollercoaster to the end is 60 seconds.

Numbers per team: 4 - 6

Even amount of teams required: No

Indoor / Outdoor:

Can be held indoors if a large room is available and completely cleared of furniture or outdoors on flat, sheltered grounds. Each team will require approximately 4metres by 4 metres to build their coaster.

Duration: 1 – 1 ½ Hours

Content / Itinerary

- The teams will all be given a budget each to work to for this challenge.
- The teams will then have just 20 minutes to plan the equipment they wish to buy within their budget and to sketch out the ideas and working plan for their rollercoaster.
- The Rollercoaster warehouse then opens and the teams can now collect their equipment to build there Rollercoaster.
- Once all teams have their items they construction can commence
- The build time will be a maximum of 60 minutes. It is up to the team leader and his colleagues to allow for breaks during this time.
- *At the end of the build time all teams must step away from the completed rollercoaster and the timed 'ball run' will commence.*
- *The team closest to the target time of 60 seconds (above or below) will be crowned Rollercoaster Kings!*
