10.00am Welcome brief

10.15am The Marathon

This ideal opening challenge is sure to bring the creativeness out of your teams.

Each team will become an outfit of top athletes who will be sent around a long course set in the venue grounds. The objective is to find certain locations and create photos using the 'Polaroid' cameras which will be supplied on the day.

This 'ice breaker' challenge also has a surprising second part that is sure to get the whole team involved.

In addition to the above the teams will also have to keep their wits about them as they will be being spied of by 'Enemy Team Scouts' trying to catch them in action on their cameras. The teams will receive penalty points if caught by these scouts.

Finally the teams are given a strict time to be back at Marathon HQ, Each team that returns late will also receive penalty points

This activity will take approximately 60 minutes.

11.00am The Velodrome

All teams compete simultaneously in this fun construction challenge.

The team's objective is to build a free standing track so as to send a small ball around, travelling through three designated zones in as close to 60 seconds as possible. The team that can complete the balls run closest to 60 seconds (above or below) will receive the most points and the team furthest away will receive the least points!
