## Challenge Content / Itinerary:

### Zone 1 The Marathon

This ideal opening challenge is sure to bring the creativeness out of your teams.

Each team will become an outfit of top athletes who will be sent around a long course set in the venue grounds. The objective is to find certain locations and create photos using the 'Polaroid' cameras which will be supplied on the day.

This 'ice breaker' challenge also has a surprising second part that is sure to get the whole team involved.

In addition to the above the teams will also have to keep their wits about them as they will be being spied of by 'Enemy Team Scouts' trying to catch them in action on their cameras. The teams will receive penalty points if caught by these scouts.

Finally the teams are given a strict time to be back at Marathon HQ, Each team that returns late will also receive penalty points

**This activity will take approximately 60 minutes.**

### Zone 2 The Field Events

This part of the event has the teams working to complete a number of objective based challenges, but they will be competing head to head against another team with a chance of bonus points for completing the task first!

Please note that the number of challenges we offer in this section of the event is dependent on the number of teams taking part (EG: 10 teams = 5 challenges)

Examples of the types of challenges the teams will incur are listed below:

#### Challenge 1 - The Team Medley:

- Firstly the teams take to the tricky beam reassembling a giant winner's platform.

### Challenge 2 - The Chordiem Biathlon:

- Each team will have a set of giant ski's on which they will have to negotiate a challenging course. During this course the team will encounter a number of increasingly difficult puzzles, where they will have to stop, get off the skis and complete the puzzle before moving on.

### Challenge 3 - The Welly Hammer:

- The distances will be added together to see which team can go the distance in this classic field sport.

### Challenge 4 – Going for Gold:

- Firstly the teams have to cross a large matrix using coloured squares then they have to rescue a gold medal from a zone they cannot enter.

Each challenge in this section will last approximately 15 minutes

## Zone 3 Velodrome

All teams compete simultaneously in this fun construction challenge.

The team's objective is to build a free standing track so as to send a small ball around, travelling through three designated zones in as close to 60 seconds as possible. The team that can complete the balls run closest to 60 seconds (above or below) will receive the most points and the team furthest away will receive the least points!

Each team will be given the same raw materials and have the same time to build their Velodrome.

The duration of the event is approximately 45 - 60 minutes

Once all of the 3 parts of the day are complete, the team's points will be totalled and the winning team will be announced.
